

# Respite Care Toronto

**We** are pleased to offer an innovative respite program to travelers to Toronto. This conveniently situated, senior-friendly manor is a historical jewel: nestled in the heart of a trendy shopping district, close to all the fine amenities such as art galleries and museums, yet strategically removed from the hustle and bustle of a big city.

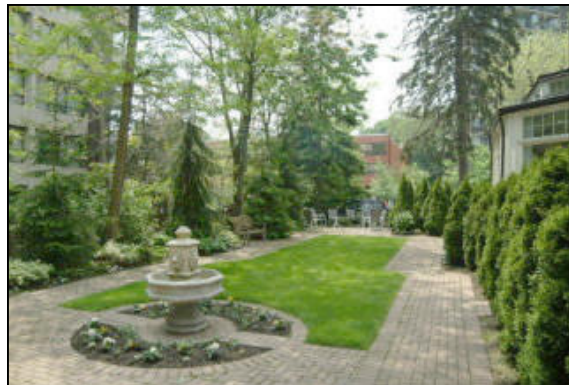

Surrounded by shade trees, parks, great restaurants and antiques shops.

Unwind as you experience old-world charm and hospitality.

This lovely manor was built in 1910 by one of Toronto's eminent, influential and well-respected architects of the early 20th century. This manor boasts fine appointments such as leaded lite Windows, cozy fireplaces, open beamed ceiling, Tuscan columns and a solarium -bathed

in the warm glow of sunlight -that overlooks the inviting garden and patio.

The common areas of the manor are equipped with an accessible ramp and an elevator that provides access to the top floor; private suites with several accessible adaptations such as a Hoyer lift, grab bars, bath stools, adjustable shower heads and levered handles are available.
